Dear Mitchell,

Thank you for the mostly inclusive effort on the creation of the new Bar Section. My question is that if you are going to create a new section with a new name, why are only gays and lesbians included in the title. Yes, Gay, Lesbian, Bisexual, Transgender and HIV Positive Issues Section is a lengthy title, but so what? It print with today's word processors, who cares? At last all are included in print and not the "oh and them too" stuffed off in a footnote or definition.

Your other bar associations listing omits the International Conference on Transgender Law and Employment Policy which is into its fifth year, which is a Texas non-profit corporation, which has 501-c-3 status and which received MCLE from the State Bar of Texas each and every year.

Your publications listing excludes four annual Proceedings from the International Conference on Transgender Law and Employment Policy which are available at the county courthouse, the U of H law library and the South Texas College of Law library.

It is nice to be in a laundry list for a change but tg folks will not join unless they are in the name FINALLY!

Sincerely,
